# the Garden

An innovative  
& immersive  
English Academy

Kids from ages 2 - 12

# Our purpose

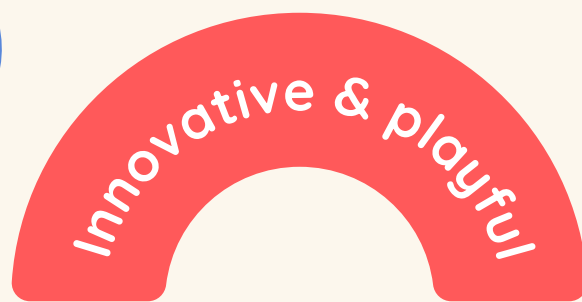

The purpose of The Garden Academy's preschool and school programs is to provide an enriching, fun, safe and stimulating environment for all of our students.

## the Garden Immersive English Academy

Preschool ● School ● After school  
Vacation camps ● Private lessons ● Art ● Music

Each child comes to The Garden as an individual and our team provides support and encourages students as they proceed through their personal learning journey.

Because we believe that each child has their own learning rhythm and pace as well as their own specific interests and passions, The Garden team members are also more than just teachers: they are educators who bring education to life through hands-on experiences, in-depth explorations and differentiated lesson plans encompassed in the English language.

# 01 Our promise

**The Garden Academy was created to give all participants the benefits of English proficiency from an early age.**

Indeed, a number of research studies have shown that children who learned a second language at a young age demonstrated cognitive advantages, such as increased problem-solving skills and creativity.

Our immersion program is supported and maintained by multicultural native English speakers who are highly trained and motivated to provide a vast array of experiences that support community collaboration and independence in a positive and refined way.

**We promise, all kids will love it,  
if they don't already !**

## 02 Our method

The Garden teachers believe in the importance of a nurturing and safe environment. Children collaborate with their educators to learn through a vast selection of activities autonomously or in small groups.

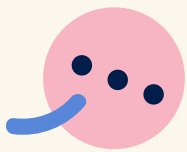

At The Garden, we believe that children are autonomous individuals who learn best through hands-on experiences and trial and error. Children are naturally curious and inquisitive and we encourage this by giving guidance only when asked or when necessary.

Teachers at The Garden Academy offer opportunities for all children to succeed in an atmosphere of care and feeling valued.

## 03 Our curriculum

The curriculum and classroom activities at The Garden Academy meet the different development needs for our growing students each step of the way.

This gives your child the opportunity to explore their own passions, while guiding them to develop the skills they need to be successful in school and in life. When children come to The Garden, they are fascinated and thrilled by the hands-on experiences and the plethora of artistic, scientific and social-emotional workshops that we provide.

The child who participates in an activity that fascinates her/him automatically disciplines her/himself.

Our curriculum provides development in the five key areas of learning:

**Practical Life,  
Sensorial, Language,  
Mathematics,  
and Culture.**

Whether it be yoga classes and mindfulness,  
or digging in the dirt for potatoes, we offer a  
wide range of practical life experiences as well as  
challenging academic or artistic subjects

immersive learning environment

Our schools allows  
children whose families  
speak a different language  
at home to learn  
**English in a completely  
immersive learning  
environment.**

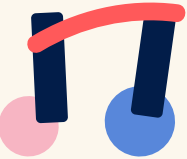

## 04 Our calendar

**Children's brains are thirsty sponges.**

**Our program aims to satiate this thirst for knowledge with exciting experiences in the English language.**

**At The Garden School,  
children will learn phonics,  
literacy, and foundational  
mathematical principles.**

**They will improve their fine motor  
skills through painting, cutting,  
gluing, sewing and planting.**

**Expressive creativity will be  
encouraged through singing,  
dancing and cooking.**

---

**A variety of activities will enrich and  
complete a stimulating academic syllabus.**

## 2021-22 Academic Year • Prices / Tarifs

### Registration fees

Valid for all the services offered by The Garden Academy throughout the school year (September-August), the registration fee is 50 € for any registration for Afterschool, Wednesday, Saturday or school holidays and 150 € for our Preschool & School. It includes the costs of registration and administrative procedures.

### Payment terms

The proposed rate is an annual rate payable in the semester upon registration then in January or depending on the establishment of a payment schedule. A deposit of 20% of the total annual amount must be paid upon registration, the balance paid by direct debit in 8 installments. Any unsubscription request must be made by registered letter while giving 3 months notice. Any month started is due. No refund request will be granted.

### Frais d'inscription

Valable pour l'ensemble des prestations proposées par The Garden Academy tout au long de l'année scolaire (septembre août), les frais d'inscription sont de 50€ pour toute inscription aux activités Afterschool, Mercredi, Samedi ou vacances scolaires et de 150€ pour notre Preschool & School. Ils incluent les frais liés à l'inscription et aux démarches administratives

### Modalités de paiement

Le tarif proposé est un tarif annuel payable au semestre à l'inscription puis en janvier ou selon la mise en place d'un échancier de paiement, un acompte de 20% du montant total annuel doit être versé à l'inscription, le solde réglé par prélèvement automatique en 8 échéances. Toute demande de désinscription doit être stipulée par lettre recommandée tout en respectant un préavis de 3 mois. Tout mois commencé est dû. Aucune demande de remboursement ne sera accordée.
